

## Water Baptism Application Form

Next Steps Ministries

Water baptism is the public act of being immersed in water as a statement of faith in Christ's death, burial and resurrection. It is also a declaration that we have joined the body of Christ. Jesus commanded us to be baptized (Matt. 8:18-20; Mark 16:15); the early church practised water baptism (Acts 2:38-41; 8:12-16; 9:18; 10: 47; 19:1-5) and continues to do so right up to today.

Water baptism service is a special significance and a celebration in each believers life at Malvern Christian Assembly. Our congregation joins in worship and celebration with those being baptized. It is a powerful expression of community.

Completed applications should be returned to the Info Centre or church office before the prerequisite class date. Contact the concerned Pastor for details.
