

Miracles on Malta

13

MEMORY VERSE:

The prayer of faith shall save the sick. James 5:15 (KJV)

Prayer offered in faith will make the sick person well. James 5:15 (NIV)

Scripture Text: Acts 28:1-10

God can do anything. The people on the island of Malta found that out.

Paul's ship wrecked near their island. All the men from the ship swam or floated to shore. God kept more than 200 men safe when the ship wrecked.

The people on the island were kind. They built a fire for the cold and wet men.

Paul helped find wood. When he put his wood on the fire, a snake came out of the wood. The snake bit Paul's hand and hung there. Then Paul shook the snake off into the fire.

The people saw the snake

bite Paul. They were sure he would swell up or die. But God did not let the snake hurt Paul. The people were surprised at the miracle. God was stronger than a snake's bite!

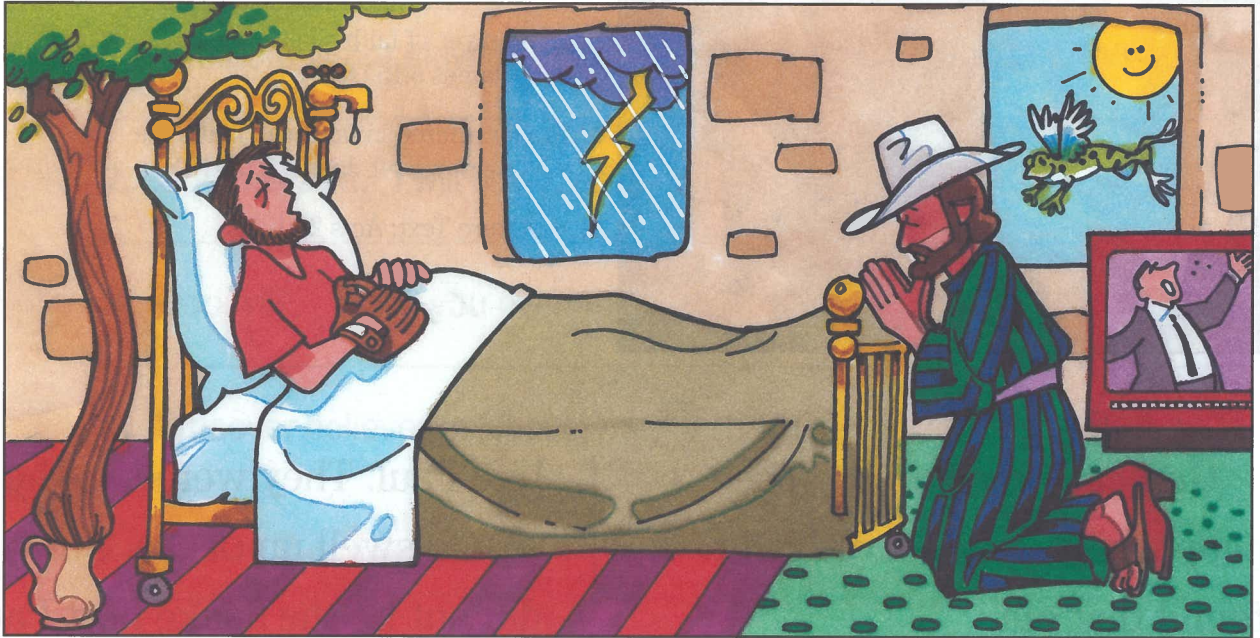

Then Paul prayed for the ruler's father. God healed him. Now the people of Malta knew God was stronger than sickness.

Many people heard about the healing. Soon other sick people came to be prayed for. God healed all those people too.

God did many miracles on Malta. God has the power to do anything. He still has the power to heal and do miracles today.

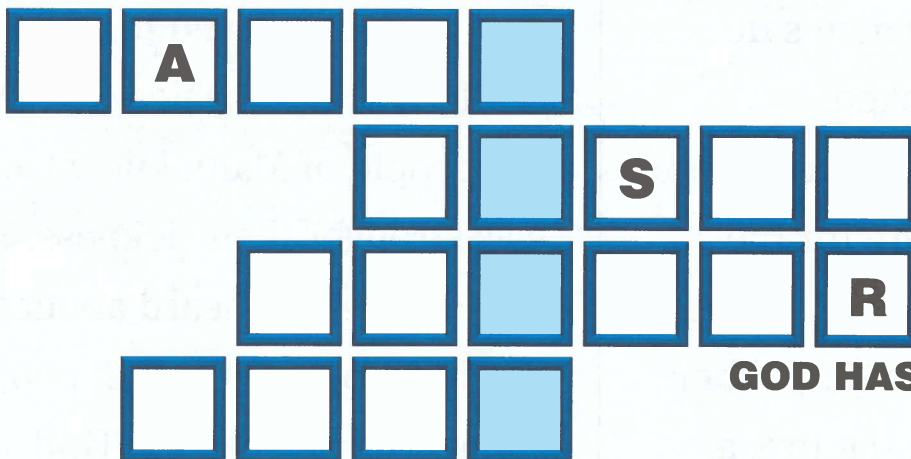

What's Wrong?

Look at Paul praying for a sick man. Can you find and circle 10 wrong things?
